XDP-SW Slideway Oil

Available in ISO 32, 68, 220 Grades

XDP-SW Slideway Oil sticks to metal surfaces to cut noise and vibration while keeping machine guides and slides running smoothly. Packed with friction modifiers, extreme-pressure additives, and demulsifiers, it keeps coolant separation easy. Works well in tool-machine gearboxes and transmissions under heavy loads.

- Strong adhesion reduces noise and vibration
- High load capacity for gearboxes and transmissions
- Anti-wear and extreme-pressure properties
- Protects against corrosion and oxidation

Size	Code
XDP-SW32 5 L	84132-5
XDP-SW32 20 L	84132-20
XDP-SW68 5 L	84168-5
