

CORROSION INHIBITOR • INDUSTRIAL GRADE PENETRANT • ANTI SEIZE
SALT & ACID RESISTANT • ELECTRICAL COMPONENT PROTECTION

Available in 300g aerosol,
600ml spray pack, 5 and 10 litre bulk pack

HEAVY DUTY LIQUID LANOLIN

Lanolin is a renewable resource

- Excellent corrosion protection in harsh environments including marine, outboard motors, powerheads and pumps.
- Spray on corrosion protection for long-term storage protection for machinery and metal surfaces, reduces maintenance.
- Ideal for machinery operating in fertilizer and aquaculture environments.
- Corrosion and moisture protection for internals of electrical cabinets and battery terminals.
- Spray on anti-seize.
- For all industrial high speed and load bearing chains. (Non-fling & webbing).
- Penetrates, lubricates and protects wire ropes & slings. Penetrates to the core of the wire rope, whilst remaining on the outer strands.
- Water & chemical resistance for leather work boots
- Salt Spray tested to AS2331.3.1.
- Meets requirements of Mil-Spec MIL-C-16173 (Class II Grade 2 or 3)
- Non-Conductive to 70kV.
- Cable pulling lube.
- Resists high pressure wash-off.

ENVIRONMENTAL SOLUTIONS

- non DG
- non toxic
- food grade
- biodegradable
- salt & acid resistant
- environmentally certified
- silicon free

PRODUCT OF AUSTRALIA

NATURAL • ENVIRONMENTAL • SUSTAINABLE

STOPS SQUEAKS • PROTECTS TOOLS & ELECTRICAL EQUIPMENT • REPELS MOISTURE
LOOSENS RUSTED COMPONENTS • CUTTING & DRILLING LUBE

Available in 300g aerosol,
600ml spray pack, 5 and 10 litre bulk pack

GENERAL PURPOSE LIQUID LANOLIN

Lanolin is a renewable resource

- Protects and lubricates machinery, metal surfaces and light chains
- High temperature penetrant
- Frees up rusted tools and lubricates mechanisms
- Stops squeaks in door hinges and frees up locks
- Drilling and cutting aid
- Protects circuit boards, switch gear and ECU's with a wax coating.
- Non-conductive to 70kV.
- Inhibits oxidisation and salt
- Rejuvenates vinyl, leather, plastic, fibreglass & powder coated surfaces.
- For all marine equipment (inboard and outboard motors) and electrical hardware protection against the corrosive effects of salt water and chemicals.
- Salt Spray tested to AS2331.3.1.
- Meets requirements of Mil-Spec MIL-C-16173 (Class II Grade 2 or 3)
- Resists high pressure wash-off.

ENVIRONMENTAL SOLUTIONS

- non DG
- non toxic
- food grade
- biodegradable
- salt & acid resistant
- environmentally certified
- silicon free

EGX

ULTIMATE ELECTRICAL GRADE LUBRICANT

Available in 300g aerosol,
600ml spray pack and 5 litre bulk pack

Lanotec EGX is the safe and natural product for wherever protection and lubrication is required in the electrical environment

- Lubricates:
  - Cable pulling lube
  - Cabinet hinges
- Spray on long-term protection for:
  - Electronic components (non-Conductive to 70kV)
    - Circuit boards
    - Connections and terminals
    - Cables
    - Air conditioning units; compressors, circuit boards
- Electrical cabinets
- Protects electrical components in reticulation systems - solenoids, relays, control boxes
- Corrosion and moisture protection for internals of electrical cabinets and battery terminals.
- Escalator components
- Automatic door mechanisms and electrics
- Protects wiring and related connectors
- Spray on anti-seize for locks, nuts and bolts
- Penetrates, lubricates and protects wire ropes
- Salt Spray Tested to AS2331.3.1.
- Resists wash-off.

MGX

ULTIMATE MARINE GRADE LUBRICANT

Available in 300g aerosol,
600ml spray pack and 5 litre bulk pack

Lanotec MGX is the safe and natural product for wherever extreme protection and lubrication is required in the harsh marine environment

- Lubricates:
  - Steering cables, inboard leg, outboard bracket, hinges
- Spray on long-term corrosion protection for:
  - inboards, outboards, electronics, cables
  - Engine mounts, pumps,
  - Crevice corrosion
  - Prevents galling of dissimilar metals
  - Protects wiring and connectors (non-Conductive to 70kV)
  - Canopy frames
- Corrosion and moisture protection for internals of electrical cabinets and battery terminals.
- Resists wash-off.
- Spray on anti-seize.
- Penetrates, lubricates & protects wire ropes, linkages & shackles, trailers & winches
- Salt Spray Tested to AS2331.3.1.
- Safe on rubber and plastics

MPX

ULTIMATE MULTI-PURPOSE LUBRICANT

**Available in 300g aerosol,
600ml spray pack and 5 litre bulk pack**

Lanotec MPX is the safe and natural product to use around the home, garden, workshop or wherever you need a proven lubricant or penetrant

- **Long lasting lubricant**
- **Penetrant – frees up rusted tools, nuts and bolts and more**
- **Stops squeaks, lubricates door hinges, trolley/bike wheels, chains, frees up locks**
- **Repels moisture while preventing water ingress**
- **Removes grease, oil and exhaust carbon**
- **Protects tools and metal surfaces from corrosion**
- **Non-toxic**
- **Natural, SAFE lanolin based**
- **Contains no silicone**
- **Resists wash-off**
- **Lubricates and protects power tools**
- **Rejuvenates vinyl, leather and powder coated surfaces**
- **Cleans and protects your work boots**

... and much more

STEEL-SEAL™

**SEALS AGAINST MOISTURE • STOPS RUST SPREADING • SELF SEALS
FORMS A PROTECTIVE SKIN • COMPLETE VEHICLE UNDERBODY PROTECTION**

Available in 300g aerosol,
600ml spray pack and 3, 5 and 10 litre bulk pack

STEEL-SEAL™ LANOLIN BASED

Lanolin is a renewable resource

- Ideal corrosion protection for
  - 4WD, caravan and trailer underbodies.
  - Trucks
  - Tractors
  - Heavy industrial Plant & machinery
  - Parts storage protection
- For all metal surfaces in harsh environments where corrosion protection is essential.
- Lanotec Steel-Seal™forms a clear protective skin which is salt, moisture, acid and fertilizer resistant.
- The Steel-Seal™coating is self- sealing and will not flake or chip off.
- Resists high pressure wash off, so protects longer.
- Can be used on any type of bare, painted or pre-treated metal where corrosion protection is required.
- Steel-Seal™can be applied to already rusted areas, to prevent the rust from spreading.
- Produces a protective skin with a reduced "tacky" effect normally experienced with lanolin products.
- Hermetically seals if Steel-Seal™protected surface is scored or broken.
- Not recommended for new galvanised surfaces, use when galvanised surface becomes grey and powdery.

ENVIRONMENTAL SOLUTIONS

- Biodegradable
- Silicon free
- Dielectric to 41 kV
- Non DG
- Salt, acid & fertilizer resistant
- Adheres strongly to metal surfaces
- Safe in environmentallysensitive areas

PRODUCT OF AUSTRALIA

NATURAL • ENVIRONMENTAL • SUSTAINABLE

ANTI-SEIZE • ASSEMBLY LUBRICANT • CUTTING COMPOUND • RUBBER GREASE

Available in 250ml tube,
235 and 500ml tubs, 4 and 20 litre bulk pack

TYPE 'A' GREASE

Lanolin is a renewable resource

- Anti-seize
- Rubber grease
- Provides excellent corrosion protection in marine and harsh environments
- Stops electrolysis in dissimilar metals
- Stops moisture in multi-pin plugs
- Stops galling of stainless thread
- Ideal for leather dressing
- Battery terminal protection
- Belt dressing
- Never drys out
- Welding nozzle dip
- Cutting compound
- Metal to metal soft seal gasket
- Non toxic and non carcinogenic
- Biodegradable and environmentally friendly

ENVIRONMENTAL SOLUTIONS

- non toxic
- food grade
- biodegradable
- dielectric to 70kV
- salt & acid resistant
- environmentally certified
- silicon free

Type 'A' Grease is classified as non-hazardous in accordance with Australian GHS guidelines

CAUTION: Not recommended for use on high speed bearings

INDUSTRIAL STRENGTH DEGREASER/CLEANER

CLEANS MACHINERY, FLOORS, BENCHES, TILES ETC. • WATER SOLUBLE
BIODEGRADABLE & FOOD GRADE • NON FLAMMABLE & ORGANIC

Available in 300g aerosol,
600ml spray pack, 5 and 10 litre bulk pack

CITRA-FORCE

A Blend of Organic Solvents

BREAKS DOWN/REMOVES

- Bitumen
- Waxes
- Oil
- Adhesives
- Carbon
- Grease
- Inks & permanent markers
- Grease out of concrete
- Paint overspray
- Shipping waxes
- Lanolin based products

ADDITIONAL BENEFITS

- Non streaking of alloys and stainless steel
- Non foaming
- Can be used in parts washers
- pH neutral (in a water emulsion)
- Quick breaker degreaser

DEGREASING OF

- Plant & Machinery
- PPE & webbing
- Foam & recyclable filters
- Workshop floors - including preparation of concrete floors for paint adhesion
- De-carbonising electric motors
- Stainless steal
- Aluminium
- Anodised surfaces
- Oil spill clean-up around waterways & animal life (diluted)

ENVIRONMENTAL SOLUTIONS

- non DG
- non toxic
- food grade
- biodegradable
- salt & acid resistant
- environmentally certified
- silicon free

PRODUCT OF AUSTRALIA

SPRAY BOTTLES

- Automotive and industrial applicator for Lanotec liquid lanolin products
- Chemical applicator for the garden
- Chemical pest sprayer
- Spray under and around objects using the adjustable brass nozzle
- Stream through to mist

Available in 750ml, 1.5 litre, 8 litre and 18 litre backpack

PROTECTS DRESSED TIMBER AND METAL FITTINGS • PREVENTS WOOD ROT
REPELS MOISTURE • OUTDOOR FURNITURE AND DECKING PROTECTION

Available in
600ml spray pack, 5 and 10 litre bulk pack

TIMBER SEAL LANOLIN BASED

Lanolin is a natural wax

- Lanotec Timber Seal penetrates, preservesand maintains the natural look of external decking, outdoor furniture, fencing, gates, cladding, doors and windows.
- Better suited for use on dressed timber
- Penetrates the timber to enhance the protection.
- Prevents the timber from drying, splitting, cracking and wood rot.
- Repels moisture (you can see this effect when water hits the timber)
- Weatherproofs timber.
- Provides a clear, natural matt finish.
- Protects metal fittings and fasteners, screws and nails from corrosion.
- Contains UV protection.
- End grains are better protected by using Lanotec Type A Grease

TIMBER SEAL PLUS

For rough-sawn timber, Timber Seal Plus is recommended.

ENVIRONMENTAL SOLUTIONS

- non DG
- non toxic
- food grade
- biodegradable
- salt & acid resistant
- environmentally certified
- silicon free
