NEW PRODUCT INFORMATION

SA300N Air Hose Reel – 18m x 10mm ID

June 2021

The upgraded Alemlube SA300N air hose reel is a genuine industrial quality hose handling, retrieval and storage system with highly flexible and durable hybrid polymer hose, crimped hose ends, integral carryhandle and detachable mounting bracket.

Manufactured from high quality impact resistant and UV stabilised polypropylene, the SA300N features a positive latching system that automatically locks the hose at the desired length. The heavy duty internalspring assembly easily retrieves the hose when partially or fully extended.

Suitable for use in the agricultural, automotive, manufacturing, contractor and transport sectors, the SA300N air hose reel is ideal to use with drills, impact wrenches, angle grinders, ratchets and tyre gauges.

Mountable on the wall, floor or ceiling, the SA300N is engineered to go the distance even when put to work in the most demanding applications.
