

The SENIX X2 18V Brushless 3pc Combo Kit delivers the ultimate balance of drilling, fastening, and cutting power for professionals. The 60Nm Hammer Drill tackles wood, steel, and masonry with precision, while the 180Nm Impact Driver provides high-torque fastening with four speed settings and reverse auto-stop. For cutting and grinding tasks, the 125mm Angle Grinder offers 8,500 RPM of performance with a compact, ergonomic build for all-day comfort. Each tool is engineered with durable brushless motors, ergonomic grips, and bright LED lighting for accuracy in any environment. Versatile, powerful, and built to last, this kit equips you to handle construction, renovation, and repair projects with confidence. Comes with 1x 2A Battery, 1x 4A Battery and 1x 4A Charger.
