tig brush®
POWERED BY ENSITECH

PRINT.
ENGRAVE.
BRAND.

Professional stainless steel branding from one complete starter kit.

NOW INCLUDES BOTH
TB-90 PRINTING FLUID AND
TB-95 ENGRAVING FLUID.

The TIG Brush Branding Starter Kit provides everything required to permanently print or engrave stainless steel. Create crisp, high-resolution logos, serial numbers, identification plates, asset tags and traceability markings in seconds.

HOW IT WORKS

APPLY BRANDING FLUID

Apply the stencil and branding fluid using the Branding Head.

REVEAL

Remove the stencil to reveal a crisp, permanent mark.

PROFESSIONAL RESULT

Choose high-contrast printing or permanent engraving from one complete kit.
