AYO™ WX Product Range

AYO™ WX HFM – Standard Half-Face Mask PAPR Systems

Designed for asbestos, silica, metalliferous dust, powder coating, coal dust, sawdust and toxic gas environments.

- Dual-fitting (tight-fit + loose-fit)
- Up to 220 L/min peak flow
- Breath-responsive airflow
- Beard-compatible face seal add-on
- Shower Kit available
- Certifications: AS/NZS 1716 PAPR P3, EN 12941 TH3, EN 12942 TM3

Ideal for: Formwork, demolition, concrete patching, tunnelling, mining, restoration.

AYO™ WX HFM-SP – Speech-Enhanced Half-Face PAPR Systems

All the features of the HFM series with a **speech-enhanced exhalation valve** for clearer communication.

Ideal for: Radio use, team coordination, noisy worksites, confined spaces.

AYO™ WX HFM-W – Welding Half-Face PAPR Systems

Optimised for welding fume protection with a streamlined mask compatible with most welding helmets.

- Highest protection classes P3 / TM3 / TH3
- No hose or belt
- Beard-compatible
- Allows use of existing welding helmets
- Low-profile alternative to bulky helmet-integrated PAPRs

Ideal for: MIG, TIG, stick welding, fabrication shops, stainless welding (Cr VI), maintenance welding.

AYO™ WX FFM-DS – Double-Seal Full-Face PAPR Systems

A world-first double-seal full-face mask delivering exceptional fit factors and eye protection.

- Fit factor typically over 2000
- Scratch-resistant wide-view lens
- Tight-fitting TM3 protection
- Interchangeable with loose-fit full-face mask
- Built-in speech diaphragm
- Shower Kit available

Ideal for: High-toxicity environments, heavy breathing workloads, confined spaces, healthcare, chemical handling.

AYO™ WX FFM-LF – Loose-Fitting Full-Face PAPR System

Designed for dusty or toxic environments where facial hair or comfort is a priority.

- Certified TH3 loose-fit
- No fit testing required
- 220 L/min peak flow
- Beard-compatible face seal kit
- Lightweight and easy to maintain

Ideal for: Formwork, demolition, tunnelling, mining, concrete patching, dusty industrial sites.

Why Choose Aimwell™ AYO™ WX?

- **World-leading mobility:** Around-neck design eliminates hoses and belts
- **Unmatched versatility:** Tight-fit, loose-fit, half-face, full-face, interchangeable systems
- **Superior protection:** PAPR P3 / TM3 / TH3 performance across the range
- **Worker-friendly:** Lightweight, simple, comfortable, long battery life
- **WHS-ready:** Meets or exceeds Australian and international certification standards
